First Year Experience

The First Year Experience office has an advising team that actively reaches out to students who have been accepted into Southern Adventist University. They are well equipped to provide important information and to assist new students with registration.

First Year Experience also facilitates connecting each student with an academic adviser in his or her chosen area of study who can answer questions about degree requirements and other specifics related to the student's major.

In addition, ZOOM calls are hosted on a regular basis to highlight information that new students and their parents need to know.

Office hours are 9 a.m.-5 p.m. Monday through Thursday and 9 a.m.-12 p.m. on Friday (Eastern Time).

Steps to Get Started:

- Register at **southern.edu/fye** for a video chat with a first-year adviser who will explain important information that is necessary before arriving on campus.
- Call the First Year Experience office at 423.236.3100 for assistance with registering for classes.
- Email fye@southern.edu with questions or to set up an advising session.

Christian Service Requirement

Following Jesus' example, Southern Adventist University encourages students to integrate their faith and learning. The Christian Service graduation requirement is intended to help students develop the ability to become contributing members of churches, families, groups, and communities.

The Christian Service Program requires students to serve in two main categories: community service and service-learning as follows:

Complete:

- Three organized and pre-approved service events (3-5 hours each). Transferring sophomores
 need to complete two activities. Transferring juniors or seniors, and associate graduates need to
 complete one.
- Two service-learning experiences such as those included in (SERV-2) designated courses, shortterm mission trips or approved student-led projects (15 hours minimum each). Transferring sophomores need to complete two. Transferring juniors or seniors and associate graduates need to complete one.

Placement Tests

English 101 Placement

To be eligible to enroll in ENGL 101, a student must have an ACT English score of 18, an SAT Writing score of 450 or an R-SAT score of 25. The English Department recommends completing ENGL 100 or an EESL class before retaking the ACT or SAT. However, passing ENGL 100 or an EESL class is not a substitute for a passing score on the examination. Placement tests for ENGL 101 are available please contact the English department for further information.

Mathematics Placement Exam

If a student does not qualify for MATH-122 (Precalculus I), MATH-125 (Precalculus), or MATH-191 (Calculus I) based on their ACT/SAT math score (or lack thereof), but believes they are prepared for the course, they can take a proctored placement exam on ALEKS to demonstrate their readiness. ALEKS is a web-based platform that uses artificial intelligence to assess a student's understanding and determine the appropriate mathematics course for their success.

Exam Details

Format: Up to 30 questions **Duration**: 60 to 90 minutes **Cost**: \$25 (paid by the student)

Students may take a practice placement exam (without a proctor) before the official proctored exam. After the practice exam, students will have access to preparation materials on ALEKS to help them get ready for the official exam. Scores from the proctored exam will be reported to the mathematics department, which will then decide on placement. Students will be contacted regarding their placement so they can register for the appropriate course.

Steps to Take the Placement Exam

Register: Sign up and pay the \$25 at www.aleks.com by selecting "SIGN UP" at the top of the page.

Class Code: Obtain a class code by contacting the chair of the Mathematics Department or the course professor via email.

Registration: Follow the prompts and enter the required information to register for the placement exam.

Initial Assessment (Optional): Complete an initial, unproctored Placement Assessment. This does not count as an official placement test.

Prep and Learning Module (Optional): Work in a prep and learning module based on your placement results and desired mathematics course to prepare for the official proctored exam.

Proctored Assessment: Complete a proctored assessment on the campus of Southern Adventist University. The proctored test will be available on three different dates each school year: before the start of the fall semester, near the end of the fall semester, and near the end of the spring semester. For specific date, time, and location information, email the chair of the Mathematics Department or the course professor.

Students who do not place into their desired course may retake the placement exam during the next available proctored exam time. Additional exams taken within one year from the initial registration date for ALEKS and payment of the \$25 fee will not incur any extra cost.

Important Considerations

It is crucial that students take this placement exam seriously. Gaining admission to a course for which you are not prepared can lead to poor results and a waste of time and money. Be honest about your abilities and do your best on the placement exam to ensure you are placed in the course that best matches your mathematical skills.

- ACT contains four (4) subtests: Reading, English, Math and Science. The ACT composite score is the average of the four required subtests.
- rSAT (Redesigned SAT) contains two (2) subtest: Evidence-Based Reading & Writing (EBRW) and Math. The SAT Composite score is calculated by adding the subtest scores.
- The source for these conversions (except as noted) were taken from the 2018 concordance tables developed jointly by ACT and the Collegeboard. Conversions of ACT English to RSAT W&L are from the 2016 concordance tables developed by the Collegeboard. 2018 tables did not provide a direct ACT English concordance.

Southern's admissions policy does not uses either the ACT or RSAT. However, various academic programs require ACT and rSAT scores for admission to those programs. Also, many courses will have an ACT or SAT score requirement as a prerequisite. Please review the course descriptions in the Academic Catalog.

STUDENT PLANNING

Student Planning is a software system that allows students, with the help of their advisers, to plan out their entire degree program semester by semester, including selecting courses, registering and tracking their progress towards graduation, all within a single platform.

This software can be accessed via laptop, phone and the Southern App.

A student can use Student Planning to send messages to advisers to review their plans.

Students and advisers can also use this software to try new majors.
